

Apocrypha

To dispel this ignorance please allow me to briefly educate. The Books commonly called the Apocrypha consist of 14 books originally attached to the Greek Old Testament that were obviously not in the Hebrew-written Bible. Why? Because they were "first-written" in the Greek language. Yet they were without a doubt considered to be scriptures and used as such by the Israelites of the Dispersion (Israelites living in foreign countries) at the time of Yahawashi (Christ). Approximately 60 years after the crucifixion of Yahawashi, a group of deceptive Rabbi's (there were survivors of the Roman annihilation of Jerusalem) met at Jamnia and canonized a Hebrew scripture specifically devoid of Greek writings. These hypocrites dispelled the books. Any work of scripture not originally written in Hebrew was discarded as unclean by these unholy men of Satan.

This codification of the Hebrew Bible by the this wicked Kabala of Rabbi's diminished for the Israelites the authority, the books we know call the apocryphal, but also the popular Greek Old Testament itself that the dispersed Israelites had been using for the previous 300 years. One should note that such books had earlier been authorized for publication by the Sanhedrin in Jerusalem for use by the Israelites of the Dispersion whose language was primarily Greek. After being colonized by the Greek so long many of u lost our lingo as it is here in America. This is why Yahawashi (Jesus) is quoting Isaiah, that is, He would speak to the Israelite people in a foreign language. Obviously, that 'foreign' language was Greek my friends. You do error not knowing the scriptures or the power of Yah. **Apocrypha** "is a Greek word meaning *things hidden*"
