

## **Does Obama Speak for Blacks?**

The truth will make you mad yet set you free

The recent November election has provoked an outrage and the harsh reality that many Americans have evaded with lies and deceit, which is the fact that she is utterly a divided house. The all too familiar lie “**I am not a racist, some of my best friends are black**” Has been exposed by most of the wealthy white Americans that are now in trembling fear of the president elect altering their standard of living that was initially established through vagarious slave labor and wealth being passed down over the generations. One does not have to put his/her ear to the concrete to hear the hate that is lingering throughout work facilities of America. The invisible psychological color line that has existed primarily between black and white since this country was stolen from our Native American brothers and sisters who were robbed of their land, murdered with small pox, reduced to alcoholics and compelled to live on reservations has again surfaced into a devastating physical reality, reality “Barrack Obama”, the New Black Pharaoh. A reality that many whites will give their lives to prevent from occurring. Many whites burn with the flame of anger as they lash fiery words of hatred at Obama, while on the contrary a mere 43% have concurred that perhaps this black face hopeful may be the imminent solution to the fallen dream known as American. They have grasped the reality that we need a relief from this economic death and that color is no longer important. Stay focus; keep your ear to the street this is going to get interesting! What most conscious blacks has considered as a Babylon since their being brought here as human cargo on European slaves ships, the uncle Tom house nigga that have been grated into political positions as over seers has a deep love for this modern Sodom clinging to the republican party like the children of Israel in the wilderness wanting to return into Egypt and serve Pharaoh instead of the one God, Yah. The masses of the black population feel that they have arrived, “we made it is the inner sigh”. What most fail to realize is that they may be in more disagreement with Obama’s policy then they realize. A recent poll revealed that at least 70% of blacks in California voted against gay marriage while a large number of gays supported Obama and he clearly stress his acceptance of “All”. Can we truly consider ourselves in obedience with Yah (God) and accept such life styles? Let us allow Yah (God) to respond to this question, **Lev 20: 13] “If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination: they shall surely be put to death; their blood shall be upon them”**. The answer is clear. Might I note that each time a society has allowed gay lifestyles in their society it was not long before that society failed both Greeks and Romans are prime examples.

Suddenly over night the black woman and man is moved by a motivational factor that the new Black Cesar will bring them true salvation and deliverance. Unaware that they will not find a solution to their problems in politics they utterly worship their new headship and submit to their self appointed Messiah establishing a perfect foundation for more disappointment. Yet Babylon, I mean America is on fire. The UN extinguishing fire of white hate is burring across the county as blacks ignorantly move about in contentment unaware if not careful they will be burned by the fire. The black masses are unaware of the hidden hands that illuminate the white house and give light to its occupants. MESERMIZED the black masses walk around in oblivion. With 66% of the

Hispanic votes it is truly an indication that the vast majority of Americans that make up this country are not content with the establishment. Something to consider. Yet, as quite as it is kept, Obama is not the real head figure that will run this nation. The financial giants known as the world bankers, the Trilateral Commission, the CFR (Council on Foreign Relations) and others are the real power structure. Thus the scripture say **Isaiah 60:1** "Arise shine; for thy light is come." I am not speaking to you as the man that I once was, I speak to you as a man that is walking in the spirit of truth in the light of our Lord. Those that continue to keep the masses in darkens do not want the true light to come unto you. I respectfully suggest that you consider my observations.

I have a high degree of respect for Jewish people because they promised to never forget the horrific acts committed against them by Hitler, yet why is it that when a black man stand up and say we must never forget the **Black holocaust** he is denounced and called a racist? We as a people are foolish! I hate to speak of us in such a manner but it is true. Because the world as a whole does not respect us as a people of equal status. This perhaps explains why blacks embraced Obama with 95% of the black vote. This brings a hope to Blacks throughout the world, yet I fear that hope will be diminished with grief as Obama is not truly pulling the strings. Suddenly Obama is selected as president and we are foolish enough to think that our conditions will alter 180degrees. You say well American is coming together 43 % or more whites voted for Obama. **First Obama does not speak for Black people he speak for everyone.** Freedom, justice and equality for all never exist in America. The whites that voted for Obama , perhaps realize that for the last 8 years Bush created a finical hell. They just want to get the hell up out of the hell they are in. Does this mean they have altered their views and finally erased racism? If so why has blacks never been granted reparations for their vigorous labor and all that they were forced to do to establish this great nation? Over 300 years of work, without holidays, time off or pay from before the sun came up to sun down. Someone because awfully rich! Over 300 years! But now the same government will imprison you for welfare fraud, or not paying taxes for a police department that beat you to death, shoot 41 times or force a plunger up you rectums. Who can imprison America for robbing us of our total self worth and dignity as human beings? After were robbed of the knowledge of self we were taught we were nothing but a coon, a jigger boo, a nigger and that they found our forefathers running through the jungle of Africa with bones in their nose. That's a lie that affects whites as well as blacks. If whites knew the truth they would respect us more because our fathers and mothers taught their fathers and mothers but those that do know refuse to tell the truth to their little white children. You blacks praise Obama so much because he defies the odds and dilapidates the system of hate that taught you that blacks will never have real power. They taught us to hate our kinky hair, taught us to hate our skin color, taught us to hate our thick lips then divided us one against the other. Any thing that you hate you will move to destroy, and this explains why a cri p can murder a blood, or you can shoot a black man down in cold blood because after all, you have not killed anything but a nigger. After over 300 years of this a habit is a difficult thing to brake. And many of our women wonder why black men abandon their children, but after being taught to mate with women in cages like animals for so long, then taken to mate with another and another not of our choice their choice its no wonder that black men abandon your women and children It's not that you are no good men it's

that you are victims of Circumstances of which you had not control over. It is circumstances that shaped you into the cold blooded murders that you have become and circumstances that made you hate who and what you are. We must change all of this and this is why I respectfully suggest to blacks, Obama cannot save you, your salvation is in Yah, yet God will not change the condition of a people until they first change themselves.

Again I ask, because over 40% of white accepted Obama as president does that mean there is a deep love for us as a people? If you really believe that you are lost! Many whites that do not like blacks have Michal Jordan as their favor basketball player, Mike Tyson as their favorite boxer, Jimmy Hendrix as their favorite rock star. But they look too these people as objects not as people they have to directly relate to, yet mere figures. Just because voters did a good deed does not necessary make them good. Again if they were, the children of the slave master are still in charge today, why have they not come forward and said, “ Our people owe your people greatly for building this county, here is reparation for your hundreds of years of free labor”? It is because deep within they are like their fathers. Please don't tell me that I am dividing America she has been divided. I am just trying to wake you people up. Drug dealers often give funds or throw block parties in certain communities to capture the people's hearts to limit snitching; they give turkeys and help the elders yet because one does a good deed does not necessary make that person good. The damage of selling drugs is a great damage to our communities. Don't be deceived by a vote and a smile. That percentage of whites did a good deed but that does not make them good. This country is on the verge of destruction. Many whites have stood up and literally expressed their feelings of you and I by their verbal attacks on Obama. When they look at Obama they see black. They see a nigga! When shall you accept reality? When your blood is flowing in the streets? We are victims of criminals that hid their criminology in a philosophy of white supremacy. There is a lingering fear today that if we ever rise up to power that we shall do unto them that which was done to us. Black, Hispanic, and Native American people your solution is returning to your God and us coming together as a people. Divided we are weak, yet our unity is more powerful than any politician could ever be. The fear lingers so think in the work environments now that you can feel it grasp your attention with cold piercing eyes as soon as you enter the door many blacks report. In the back of white folks mind they remember the evil that was done to us and now they fear that we will do that same evil to them. That is why Obama was lied on, labeled a racist, and called a terrorist. All forms of hatred surfaced as one of the children of the slaves rose up and unconsciously stated” I want to be the new Pharaoh in the country that we were made slaves” Isn't ironic that America now fears terrorism? Who terrorized the Native Americans? Who terrorized you and my forefathers? Now the pendulum is swinging back into the halls of American and she does not like what's on her table for desert. Because a black man being in the white house is a reign of terror that so many is not prepared for nor will they accept it hands down. It is a wonderful thing to see a person with the same skin color as us in the white house, yet **Obama does not speak for us**, Obama will not give us the justice that we deserve. Obama speak for everyone and this county has never and will never accept everyone as equal. Deep within the white psyche you will never be an equal. Because the USA is Under Satan's Authority.
